#### 1. HISTORY OF LOCAL AREA

Ngati Manuhiri are the descendants of the eponymous ancestor Manuhiri, the eldest son of the Rangatira and warrior chieftain Maki who, along with other tribal members, came from Kawhia to live among their relatives, also descendants of the Tainui waka, who occupied the greater Tamaki Makaurau area from the 14th Century. From this whakapapa Ngati Manuhiri in their own right through Maki and his sons, have unbroken ties to their ancestral rohe. After migrating from Kawhia in the early 17th Century, Maki and his people progressively settled in the southern Kaipara, Waitakere and on to Whenua roa 6 Kahu (North Shore), Albany up to Mahurangi districts. Ngati Manuhiri maintained kainga and pa throughout the rohe, with a focus on both coastlines. Pa were usually located in defensive, significant or strategic places and there were both permanent and temporary (seasonal) kainga (settlements), particularly adjacent to sheltered waters or rivers. Rivers were not only a source of fresh water and kai (food), but were the main highways inland to kainga or cultivations and often the beginning of overland pathways. As previously stated, the entire rohe was occupied and utilised by Ngati Manuhiri and their whanaunga (relations) for generations. Along the coast traditional Ara (pathways) linked Tikapa Moana (Hauraki Gulf) with the Manukau and Kaipara Harbours, and the Waitakere Ranges. There is evidence of a trail from Te Oneroa o Kahu (Long Bay beach), over the cliffs to Okura. The trails from Long Bay connected with the Oteha Valley and continuous ridgeways such as the one along Lonely Track Road, and with the Okura River and Lucas Creek. The north eastern coastline of Tamaki Makaurau features a number of places of significance to Ngati Manuhiri from Pakiri in the north right through to Okura/Long Bay and Oteha (Albany). This is reflected by a number of place names, landmarks, and recorded archaeological sites within the rohe.
