## **2023 YEAR 9 DESIGN & VISUAL COMMUNICATION STUDENTS**

Dear Parents/Caregivers

Each student taking Design and Visual Communication as an option is expected to have a range of specialist equipment essential to the subject. In previous years, equipment purchased at local outlets, as opposed to that available from school, has been of variable quality and sometimes has not been suitable to subject requirements. To standardise equipment and to simplify purchase procedures, we have a "DVC Kit" which is available to students from school.

We request that all Year 9 Design and Visual Communication students purchase this kit. The kits will be given to students by teachers during the first week of their course.

The cost of the DVC Kit is \$45.00 including GST.

It includes two set squares, an A3 paper pad, a A3 backing pad, an eraser, a set of black fine liners, drawing pencils and a set of colouring pencils presented within an A3 zip-up carry case.

**The full cost of the Design & Visual Communication course is \$50.** This includes a \$5 class materials fee and the DVC Kit. **Please make payment before the end of Term One.**

Payment can be made by:

- Payment through the Parent Portal on our website either by credit card or account to account. You will be emailed your parent username and password late January.
- Cash, Eftpos or Credit Card in person to the Cash Office
- Internet Banking – ASB 12-3080-0073392-00 (Use Student's name and DVC as reference)

If you have any queries, please email [jdurdevic@lbc.school.nz](mailto:jdurdevic@lbc.school.nz)

Yours sincerely

*J Durdevic*

Jana Durdevic  
Head of Design and Visual Communication
